HONDO, MEDINA COUNTY, TEXAS, SATURDAY, JUNE 30, 1923.

VOL. 37. No. 48

LOCAL AND PERSONAL.

WILL CONDUCT REVIVAL.

REV. R. L. COLE.
Evangelist.

Rev. R. L. Cole of Lufkin, Texas, who is to be with the Baptist Church for a series of Evangelist services, has been in this work for a number of years, both under our State and Home Mission Boards, and ranks among our best Evangelists.

Bro. Cole has assisted the pastor in several meetings and his services have always been most satisfactory, and it is with great pleasure that he can have him again in his campaign. Bro. Cole is an Evangelist preacher, believing and preaching that the crucified Christ is the sinner's only hope of salvation from sin.

Let both the saved and unsaved come and hear him; his message will certainly do you good.

We want it understood that these services are intended for Hondo and the surrounding country and not simply for the Baptists.

A most cordial invitation is extended you. Come.

Pastor.

Miss Elvira Bulgerin of San Antonio is visiting in Hondo, the guest of Mrs. Herbert Bulgerin.

Ed. G. Haby and family were over from Dunlay Wednesday trading. Mr. Haby says crops are fair at Dunlay, but a little more rain would have helped.

Mrs. Bettie Brice who had spent several days here as the guest of Mr. and Mrs. J. E. Allen and other relatives returned to her home at Leakey Friday.

Mr. and Mrs. J. E. Allen left Friday morning for Leakey where for several days they will be the guests of relatives and friends and inhale the pure health-giving atmosphere of the hill country.

Mrs. Herbert Bulgerin chief operator of the Southwestern Bell Telephone Company, returned this week from San Antonio where she spent her annual vacation as the guest of Mr. Bulgerin's mother. Mrs. Bulgerin resumed her duties in the local telephone office Friday morning.

August Hornung has been somewhat indisposed the past few days and is absent from his desk in the Tax Collector's office. Or perhaps the terrific heat that has prevailed the past few days, making all work rather irksome, has something to do with his laying off just at this time, and who can blame him.

Mr. and Mrs. J. G. Borden, who have been the guests of Mr. and Mrs. B. C. Collier for the past three weeks left Friday for their home at Temple. Both of the visitors have been somewhat indisposed recently, but the visit has proved beneficial to Mrs. Borden and Mr. Borden remains somewhat indisposed. Mr. Collier and Mr. Borden are brothers in law, Mr. Collier accompanied his guests as far as San Antonio.

It would be a great deal better business to buy a Hummer-Hitt Boll Weevil Destroyer and stop what few weevils are in your cotton crop right now, than to wait and see just how much damage they are going to do before you buy a destroyer. The weevils multiply faster than you realize and there is always a chance of waiting until it is too late. So get a Hummer-Hitt and go after the weevil right now, tomorrow may be too late. "It's better to be safe than sorry". ADAMS COMPANY. DEVINE TEXAS.

The Aztecs, Hondo's crack Mexican baseball team, scalped the Kerrville Mexican team to the tune of 9 to 1, on the local diamond here last Sunday afternoon. The Aztecs are getting up a reputation as they have annexed the big end of the score in every game they have played thus far this season, losing only to the San Antonio team by the close score of 8 to 7. They have a game scheduled with the Coco Cola team at de Montel Park tomorrow evening. Go out and witness the contest. It will be worth while.

"FOOLISH WIVES" POINTS A MORAL.

Even before the production of the Universal Film Company's million-dollar motion picture, "Foolish Wives", the tendency of Americans—especially of the gentler sex—to toady to titles of nobility was sufficiently notorious. Since the World War upset the whole Almanach de Gotha, a number of needy adventurers are trying to capitalize their alleged aristocracy and unfortunate reverses in easy American dollars.

"Why will they be such fools," is the frequent query, when the marriage and subsequent divorce of some American woman to a titled rouse is chronicled in the sensational society columns; but stay-at-home folk cannot realize the cleverness and finesse with which these adventurers carry on their campaigns of conquest. Only a few years before the war a pretty German Prince was actually financed by his creditors to come to America in search of a rich girl who would trade millions for his title.

Many of these Continental adventurers, who inherit their talents as well as their titles from some robber baron of old, do not contemplate anything so honorable even as a "marriage of convenience." Possibly they are already matrimonially entangled, so they are not free to bestow their titles upon a wealthy purchaser; and as a matter of fact, many of these adventurers prefer to extort blackmail from some foolish married woman, whom they first flatter with attentions and then entangle in some scandal which must be covered up with money. The modus operandi of such pseudo gentry is graphically depicted under the direction of an expert in "Foolish Wives," which will be shown at the AIRDOME, July 4 and 6.

CHILD BITTEN BY DOG.

Edward the 4 year-old boy of Mr. Mrs. Max Edwin, had both of his hands somewhat lacerated by a vicious dog the first of the week. The boy was playing with the dog when bitten.

Sheriff Bader was notified of the occurrence and immediately organized himself into a firing squad and the vicious brute is a good doggie now. Edwin took his little son and the dog's head to the Pasteur Institute in Austin, where the little boy received treatment and the brain of the dog examined. The examination showed that while the dog did not have a well developed case of rabies, indications were that the disease had begun to develop and that within a week or ten days he would have had a fully developed case of rabies, was the opinion of the doctors.

This is the first occurrence of this kind in Hondo this season but it probably is not the last if the overwhelming number of dogs that menace the lives of people by day and disturb their rest at night, is not thinned out. There are entirely too many rambling flea ranches in this town.

MARRIED.

J. P. Ephriam, cashier of The D'Hanis State Bank and Miss Harriet Gaut formerly of Smithville, but more recently a teacher in the Kincheloe Prairie School, were quietly married at Hondo, Sunday evening at 8 o'clock. Rev. Foster of the Methodist Church performed the ceremony.

The wedding came as a complete surprise to many friends of the contracting parties.

Mrs. Ephriam was one of the teachers of the Kincheloe Prairie School the past term and was very popular among her acquaintances. Mr. Ephriam has held his position for the last three years, coming here from Lexington, Texas. During this time he has made many friends here who will rejoice with him in his good fortune in winning so charming a help mate, and we trust that their journey down life's pathway side by side may prove one of unalloyed pleasure.—D'Hanis Star.

FARM LOANS.

The Hondo National Farm Loan Association, H. E. Nineteen thousand Texas farmers have taken advantage of this system of borrowing over fifty million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only. if

Mr. J. W. L. Hanley was over from D'Hanis yesterday having a badly mashed finger treated by a surgeon. Mr. and Mrs. Hanley and a friend were driving Tuesday afternoon and while in a close place in the road north of D'Hanis collided with a wagon loaded with corn. Fortunately no one else was seriously hurt, though both ladies were somewhat bruised. The car was considerably damaged.

Messrs. J. E. Boog-Scott and Paul L. Smith, officers of the State Live Stock Sanitary Commission, passed through Hondo yesterday on their return trip from the Sheep and Goat Raisers Convention at Del Rio. They report tick-eradication work in satisfactory condition in most counties and they are highly pleased with conditions in Medina County.

Catarrhal Deafness Cannot Be Cured
by local applications as they cannot reach
the diseased portion of the ear. There is
only one way to cure Catarrhal Deafness
and that is by a constitutional remedy.
HALL'S CATARRH MEDICINE acts
through the Blood on the Mucous Surfaces
of the System. Catarrhal Deafness is
caused by an inflamed condition of the
mucous lining of the Eustachian Tube.
When this tube is inflamed you have a
rumbling sound or imperfect hearing, and
when it is entirely closed, Deafness is the
result. Unless the inflammation can be re-
duced and this tube restored to its nor-
mal condition, hearing will be destroyed.
Major cases of Deafness are
caused by Catarrh, which is an inflamed
condition of the Mucous Surfaces. For any
case of Catarrhal Deafness that cannot
be cured by HALL'S CATARRH
MEDICINE.

ONE HUNDRED DOLLARS for any
case of Catarrhal Deafness cured by

No Worms in a Healthy Child

All children troubled with Worms have an un-
healthy color, which indicates poor blood, and as a
rule, there is more or less stomach disturbance.
GROVE'S TASTELESS CHILL TONIC given regu-
larly for two or three weeks will enrich the blood,
improve the digestion, and act as a general strength-
ening tonic to the whole system. Nature will then
throw off or dispel the worms, and the Child will be
in perfect health. Pleasant to take. 75c per bottle.

That Knife-Like Pain.

Is Only One of Nature's Warnings of
Weak or Disordered Kidneys.

Have you a lame back, aching day
and night? Do you feel sharp pains
after stooping? Are the kidneys
sore? Is their action irregular? Use
Doan's Kidney Pills—the medicine
recommended by so many Hondo
people. Read this case:

Joe Huesser, Hondo, says: "I can
highly recommend Doan's Kidney
Pills for I know they are excellent.
I suffered with my back and my kid-
neys bothered me a great deal. I had
sharp, knife-like pains in my kidneys
every time I moved. I had to get up
nights on account of the irregular
action of my kidneys. The secre-
tions burned in passage and were
highly colored. A friend told me of
Doan's Kidney Pills so I used a box,
which cured the attack. I always
use Doan's now when my back both-
ers me and they never fail to help
me."

A TONIC

Grove's Tasteless chill Tonic restores
Energy and Vitality by Purifying and
Enriching the Blood. When you feel its
strengthening, invigorating effect, see how
it brings color to the cheeks and how
it improves the appetite, you will then

FROM THE BANDERA NEW ERA.

Up To Highway Commission.

We receive many inquiries from people abroad, who want to come to Bandera in regard to the condition of the Bandera-San Antonio road where it crosses Medina county. The only answer we can give is that plans for improving this stretch of road are still in the hands of the State Highway Commission, and we believe the work of constructing a hard-surface road will begin within a very short time. The Highway Commission made an appropriation of \$9,000 to supplement the Medina county's appropriation of \$3,000, making 12,000 available for the work. Medina county has already transferred her portion of this money to the Highway Commission. Eventually Bandera will have a first class road to San Antonio.

We omitted to mention last week that Mrs. Henry Haby and sons, Stewart and Wesley, went to Menard to accompany Mrs. Haby's mother, Mrs. Haley, who had been here for some time. They report a very pleasant trip.

Will Etanest Newton, who "plays the devil" in the New Era office, visited his parents at Hondo last Saturday and Sunday.

Now that Spring is here, a change is needed from our Winter diet.

To keep our bodies in perfect condition in order that we may give our very best at work, as well as during our playtime, and rest, the body must be properly fed.

Too little care is often taken in selecting foods of the right sort to supply the various needs of the body. We may laugh at the term "balanced rations", but that is what we should have. More thought should be given to the energy value of foods and the energy requirements of the body.

Spring fruits and vegetables now in season, offer a variation in diet and supply the minerals needed. They act as a Spring tonic. No medicine will be required if proper foods, proper rest and proper exercises are taken.

Fresh fruits, vegetables and greens should find a prominent place at each meal during this season, fresh fruit for breakfast—a salad of fresh greens, fruit or vegetables for lunch and either fruit or fresh vegetables at night with the other foods.

Those who follow sedentary occupations must watch their diets carefully. Do not eat heavy foods unless you have plenty of exercise at noon and at night to digest them.

A hot bread or toast in the morning, together with fruit and coffee, is sufficient for those who require a heavier breakfast, possibly an addition of an egg, or bacon.

For lunch—sandwiches, a salad, and something to drink is plenty. A heavy lunch at noon makes it difficult to concentrate on work, and around two or three o'clock one will have a dozy dopy feeling. Therefore, the less eaten at noon the better.

At night, provided the dinner or supper is not served too late, a heavier meal may be eaten. At this time the shortcake and hot biscuits will be relished.

Remember Winter is over and eat the Spring foods.

THE GOSPEL OF LIVES.

By Guilford H. Sumner, M. D.
Human life Divinely given—the God part of man, the element of usefulness in the world—shall it be destroyed? It is the greatest asset the world has today, and there is a new element coming into power—men's lives must be saved for the world and their souls for eternity. Nothing is so valuable to the world and to God as man. The stronger, the longer-lived, the better he is morally, the happier, the more ambitious he is if his ambition is rightly directed, the better for the world and mankind.

Injury, disease and untimely deaths are the result of ignorance, carelessness, recklessness, willfulness and greed. A death toll is not a Divine requirement or of a properly managed system. It is the direct result of violations of natural laws—transgressions. It is therefore wasteful. The saving of life for the world thus becomes an industrial economic issue, and the saving of souls an issue which extends to eternity.

FRESH, CANNED, AND DRIED GREEN CORN.

The half-ripe ears of corn make a very favorite vegetable in this country. The so-called sweet varieties, which contain more sugar and less starch than those grown primarily for making meal or hominy, are especially prized for this purpose because of their better flavor and more delicate texture, but the other varieties are sometimes used in this way.

Green corn, like many other vegetables, is at its best when freshly gathered. Corn on the cob is not very convenient to serve or eat, and this method of cooking it would doubtless have been abandoned long ago if cutting the kernels from the cob before cooking did not materially modify the flavor. The most convenient way of cooking corn on the cob is ordinarily by boiling, but in old-fashioned fireplaces roasting was a favorite method. This still survives as a common household practice in some localities and also in camp-fire cookery.

The season of fresh corn is more nearly limited to the season of maturity in a given region than that of almost any other common vegetable, for it can not be stored for any considerable time in good condition, even with modern appliances, and corn grown in warm climates and shipped long distances to our winter markets is very expensive and rather uncertain as to its quality. Corn, however, may be readily canned either at home or on a commercial scale, and when this is properly done the corn retains many of its desirable qualities. It is not surprising, therefore, to find that canned corn is one of the most popular canned vegetables.

Canned corn is used not only by itself but is also made into a variety of soups, fritters, puddings, and other dishes.

The preservation of green corn by drying has long been practiced in the household and dried corn is to a limited extent prepared commercially. The ears of corn are first scalded for about 5 minutes, then cooled and the kernels cut from the cob. Unless the corn is very young and tender the resulting dried corn will be much more satisfactory if only the tips of the kernels are removed by the first cut and the remaining pulp scraped out with a dull knife, leaving the most of the hulls behind on the cob. Even in the case of young corn the cutting should not be so close as to include the base of the kernel.

The corn may be dried by any convenient method. Where a large quantity is being prepared it may be spread upon a table covered with muslin. Of course it must be protected from the flies. The corn should be well stirred from time to time until thoroughly dry.

When wanted for use the dry corn should be rinsed quickly in cold water and put to soak for several hours in a small amount of water in which it is to be cooked. The cooking should be done slowly and water added as needed. Cooked dried corn may be used in any of the ways in which canned corn is served. Dried corn has a

sweet, nutty flavor, and is especially liked for making cream of corn soup or in succotash.

Corn is sometimes combined with other vegetables. Succotash, a mixture of unripe corn and beans, is a dish borrowed, name and all, from the American Indians and has been a favorite since colonial times. To vary their winter diet, the colonists often cooked dry ripe corn and beans together, but such a dish does not possess the palatability of that made from green corn. Corn with tomatoes is another mixture which many persons like and which is quite commonly served. Small immature ears of unripe corn are sometimes used in mixed pickles, particularly in Europe, and relishes are also from the United States from green corn both as a domestic article and commercially.

The following recipes show some of the many ways of using fresh corn. Fresh corn can be used in place of canned corn in these. Canned corn may be substituted for fresh in the recipes which specify fresh corn, but suits are not likely to be so good because the consistency of the corn is usually not like that of fresh.

The baseball game in progress last Friday afternoon between the locals and the Sabinal team when the Anvil Herald was being printed, proved one of the best games ever witnessed on the local diamond, the final score standing 2 to 1 in Hondo's favor. The Hondo aggregation went to Sabinal yesterday afternoon for a return game with the Sabinal boys, and all of Hondo's baseball fans—and they include the greater number of our population—trust that they will again annex the big end of the score. And don't forget, La Pryor will be here on July 3rd and 4th for two games with our boys. Go out and root for the home team. The games will be played at de Montel's Park.

Uncle Jimmie has passed the four-score mile post of life by several years, but now relieved of the moil of business, his friends trust and believe he will be among the living for many more years to come.
